Success Story

Mr. CJ began experiencing housing uncertainty after the home where he was living caught on fire. The PATH Outreach Team came into contact with Mr CJ after being referred by Ivan from Janice Hahn's Office and began the housing search. In September, Mr CJ was approved for a unit in the city of San Pedro. With the assistance of Client Aid for the Security Deposit and First month's rent, the participant was successfully housed in a unit Mr CJ has expressed he finally feels at home again

it home!**

Success Story

PATH Outreach Team was able to obtain placement at Westhaven Affordable Apartments for three participants. The three participants are from Carson, Redondo Beach, and Wilmington. Official placement is to take place sometime in November (opening date still pending), however, all have had their intake documentation completed. All three participants have stated their excitement and gratitude towards the case managers who have helped them get to this point.
