

## **Veronica Fish Bio**

Veronica Fish is a junior at Mira Costa High School in Manhattan Beach. She is the Community Engagement Lead/Public Speaking Representative for the Youth Advisory Council at Beach Cities Health District. Her interest in the environment started with the 2014 Stop Hermosa Beach Oil campaign and the implications of oil drilling on the health of her community. Since then, she has been an advocate for climate change and has presented to school panels on sustainable agriculture and water sanitation systems. She has collaborated in beach cleanup efforts in the Beach Cities and in Spain with the FEE Bandera Azul program.
