Commercial Redevelopment into Housing: Currently meeting with participating cities about city selected sites. Following is fit and feasibility studies and conceptual design of different housing typologies

### REAP 2.0 (Metro)

Micromobility Hubs: A study of potential mobility hub sites. Mobility hubs in the South Bay will promote micromobility and address the gaps in transit throughout the sub region

# Environmental Programs - SBESC

## Environmental information & access to resources for agencies, residents, & businesses

- **Outreach** - Connecting with the community at over 100 events per year
- **Water Programs** - Partnering with West Basin, WRD, and LADWP providing water saving information, devices, and rebates to residents & businesses
  - Connecting cities and schools to water bottle filling station rebates
- **CA Green Business Network (CAGBN) Certification** - Starting outreach to businesses to help them access resources to become more sustainable and certified as a "Green Business"
- **SBCCOG Green Business Assist Program** - Over 400 business locations certified

# Environmental Programs - SBESC

- **Energy Efficiency Upgrades** - In partnership with SoCalREN, identifying municipal and school building upgrades through site visits, energy engineer assessments, and public incentives
- **Students and teachers** - Enrolled two school districts - 60 classrooms - of 3rd and 4th graders in the South Bay in the Kits for Kids program for Fall 2025. Continuing school district staff bulletins
- **City Recognition** - Year three of the South Bay Energy & Climate Recognition Program is under way, celebrating our cities for their sustainability projects and fostering healthy competition
- **Innovative Technology** - Working with a consultant on a feasibility study of cool roof technologies
- **Commercial Direct Install** - Conducting site audits for hard-to-reach and low-income low-access businesses in Gardena to get energy efficiency upgrades for free paid for by LA County. 29 active projects including new water heaters, lighting, and refrigeration completely free to the business
- **Greenhouse Gas Inventories** - 2019-2020 municipal and communitywide inventories in the process of finalization with city staff

# More Issues To Address

- Local Community Development Departments are heavily impacted with all of the new requirements from the legislature. If CDBG funding cuts were implemented, local housing departments and related programs would be severely impacted. More assistance is needed, not cuts. This is only exacerbated by court decisions such as the recent Redondo Beach one concerning overlap zones and their housing element.
- With requirements for more housing and allowances for reduced or no parking, the SBCCOG's emphasis on micromobility becomes even more important. There will be more cars but they can be zero emission micro modes such as bikes, scooters and neighborhood electric vehicles. Encouraging their use would take cars off the road, reduce parking needs, and reduce ghg emissions. A pilot program in the South Bay – or any area that makes a commitment to micromobility should receive incentives such as a rebate program for the purchase of these vehicles so that the adverse transportation impacts will be reduced.
- Cities cannot afford to lose their commercial properties unless and until how cities are financed is addressed. It is time to find funding mechanisms for cities which currently can rely heavily on sales tax.

RE: Bills to Monitor – Status as of October 6, 2025

**NOTE: October 12 – Last day for Governor to sign or veto bills passed by the Legislature**

## **PENDING GOVERNOR’S ACTION**

	Position	Bill status	
<b>FINANCE (REVENUE/TAXATION)</b>			
<a href="#">AB 888</a> (Rubio)	<p><b>California Safe Homes grant program.</b> This bill would establish the California Safe Homes grant program to be developed by the department to reduce local and statewide wildfire losses, among other things. The bill would require the department to prioritize specified needs when awarding grant funds, and would require eligible program applicants, which would include individuals, cities, counties, and special districts, to meet specified criteria. The bill would establish the Sustainable Insurance Account within the Insurance Fund, which would be continuously appropriated to fund the program. The bill would require 40% of the amount of the gross premiums tax collected from property and casualty insurance above the amount collected from those insurers in 2023 to be deposited into the account. By depositing general fund money into a continuously appropriated account, the bill would make an appropriation. The bill would require the department to collect specified information about the performance of the program and, on or before January 1, 2027, and every 2 years thereafter, to publish a performance report that would be posted to its internet website and submitted to the Legislature.</p>	<p>SUPPORT (4/27/25) (letter sent 8/6/25)</p> <p>LCC: SUPPORT</p>	<p>9/24/25 Enrolled and presented to the Governor.</p>

<a href="#">SB 346</a> (Durazo)	<b>Local agencies: transient occupancy taxes: short-term rental facilitator.</b> This bill would require short-term rental facilitators, at the request of a city, to provide the property address of a short-term rental listing to a city and would provide cities audit authority for transient occupancy taxes collected and remitted by short-term rental facilitators.	SUPPORT (8/11/25) (letter sent 9/18/25)  LCC: SPONSOR	9/9/25 Enrolled and presented to the Governor.
HOUSING			
<a href="#">AB 253</a> (Ward)	<b>California Residential Private Permitting Review Act: residential building permits.</b> This bill would allow an applicant for specified residential building permits (1-10 residential units and having no floors used for human occupancy more than 40ft above ground level) to contract with or employ a private professional provider to check plans and specifications if the county/city building department estimates a timeframe for this plan-checking function that exceeds 30 days, or does not complete this plan-checking function within 30 days.	OPPOSE (4/24/25) (letter sent 9/18/25)  LCC: NEUTRAL	9/24/25 Enrolled and presented to the Governor.
<a href="#">AB 507</a> (Haney)	<b>Adaptive Reuse: Streamlining: Incentives.</b> This measure would require local governments to ministerially approve adaptive reuse office-to-residential conversion projects statewide. It would also exempt these projects from all impact fees not directly related to the impacts resulting from the site's change of use from non-residential to residential or mixed-use.	OPPOSE (4/27/25) (letter sent 9/18/25)  LCC: OPPOSE UNLESS AMENDED	9/23/25 Enrolled and presented to the Governor.
<a href="#">AB 670</a> (Quirk-Silva)	<b>Planning and zoning: housing element: converted affordable housing units.</b> This bill would authorize a planning agency to include the number of units in an existing multifamily building that were converted to affordable housing by imposition of long-term affordability covenants and restrictions that require the unit to be available to persons of low, very low, extremely low, or acutely low income at an affordable rent or housing cost for at least 55 years.	SUPPORT (4/27/25) (letter sent 9/18/25)  LCC: SUPPORT	9/24/25 Enrolled and presented to the Governor.
<a href="#">AB 726</a> (Avila Farias)	<b>Planning and zoning: annual report: rehabilitated units.</b> This bill would allow a local government to include in its annual progress report on RHNA progress, the number of units of existing deed-	SUPPORT (6/26/25)	9/24/25 Enrolled and presented to the Governor.

	restricted affordable housing with an average affordability no greater than 45% of area median income that are at least 15 years old and have been substantially rehabilitated with at least \$60,000 per unit in funds awarded from the city or, for unincorporated areas, the county, inclusive of forgiveness of principal or interest on existing debt. The units would not be considered in determining requirements for purposes of an application for streamlined, ministerial approval process under SB 35.	(letter sent 9/18/25)  LCC: SUPPORT	
<a href="#">AB 893</a> (Fong)	<b>Housing Development Projects: Objective Standards: Campus Development Zone.</b> This measure would require local agencies to ministerially approve a residential project for low-income faculty, staff, and students if the project is proposed on parcels within a half-mile radius of a main campus for a UC, CSU, California Community College, or private postsecondary educational institute.	OPPOSE (4/27/25) (letter sent 9/18/25)  LCC: OPPOSE UNLESS AMENDED	9/15/25 Enrolled and presented to the Governor.
<a href="#">AB 1061</a> (Quirk-Silva)	<b>Housing developments: urban lot splits: historical resources.</b> This bill would limit some of the historical district exemptions for SB 9 projects (urban lot splits on single-family zoned parcels). Instead of disallowing SB 9 projects in historic districts, local governments may only disallow the project if it is on a historical landmark or if it is a contributing structure within a historic district.	OPPOSE (8/11/25) (letter sent 9/18/25)  LCC: OPPOSE	9/15/25 Enrolled and presented to the Governor.
<a href="#">AB 1154</a> (Carrillo)	<b>Accessory dwelling units: junior accessory dwelling units.</b> This measure would prohibit local agencies from having owner-occupancy requirements for Junior ADUs if they have sanitation facilities separate from the main residence and requires that the rental of a Junior ADU be for a term longer than 30 days, prohibiting them from being used as short term rentals.	OPPOSE (4/24/25) (letter sent 9/18/25)  LCC: NEUTRAL	9/9/25 Enrolled and presented to the Governor.
<a href="#">SB 79</a> (Wiener)	<b>Planning and zoning: housing development: transit-oriented development.</b> This bill would require cities to approve higher-density residential projects up to 7 stories near public transit stops ministerially regardless of local zoning codes, limit the use of local development standards on the proposed project, and allow transit agencies full land authority over residential and commercial development on property they own or lease.	OPPOSE (4/27/25) (letter sent 9/18/25)  LCC: OPPOSE	9/23/25 Enrolled and presented to the Governor.

<a href="#">SB 358</a> (Becker)	<b>Mitigation Fee Act: Mitigating Vehicular Traffic Impacts.</b> This bill would require local agencies to reduce traffic impact fees by at least 50% if a proposed development project is located within a transit priority area or if a major transit stop is planned to be completed before or within one year from the scheduled completion and occupancy of the housing development or if the development project is located a half a mile from three or more from the following: a restaurant, coffee shop, supermarket, grocery store, hardware store, park, pharmacy, drugstore, or bar.	OPPOSE (4/27/25) (letter sent 9/18/25)  LCC: OPPOSE	9/16/25 Enrolled and presented to the Governor.

## **SBCCOG Legislative Briefing Questions**

### **Federal**

1. What is the effect of the shutdown – if it's over, then what was the effect?
2. The use of the military in our cities is a concern. How is Congress addressing this?
3. What are the prospects for less partisanship and more cooperation or is that just gone?

### **State**

1. Last session there was another deluge of housing legislation. What is planned for this year?
2. The RHNA housing numbers are clearly unrealistic. Even best efforts are insufficient. What can be done to inject reality into the conversation?
3. What is the outlook for the future health of the state's economy?
4. What will the important issues of the next year's session be?

### **Additional Topics – to be responded to if there is time**

- Los Angeles Air Force Base, Aerospace and Defense Industry (South Bay Aerospace Alliance)
- Affordable Housing Mandates (Manhattan Beach and Redondo Beach)
- Olympics' Prep Coordination (El Segundo)
- Redistricting (Rolling Hills Estates)
- Progress on Homelessness and Housing affordability (South Bay resident)
